

Zom Factory for Dairy Products

Objectives of Zom Factory:

🌾 **Empowering Livestock Farmers:** At Zom, we are on a mission to create sustainable income opportunities for villagers and livestock farmers, while providing you with the finest dairy products. With **20** state-of-the-art collection stations strategically located along geographical boundaries, we reduce the burden on farmers while empowering them to thrive.

👤 **Creating Opportunities through Employment:** Zom is not just about milk; it's about creating opportunities. With over **100** direct employees and growing, we are proud to contribute to job creation in the region. But our commitment doesn't stop there; by purchasing milk from local farmers, Zom generates over **2,700** additional jobs in the agriculture and veterinary sectors. Zom breathes new life into the local economy, fostering sustainable growth and reducing unemployment. Join us to be part of this positive change today!

🐄 **Fueling the Economy by Preserving Local Capital:** With Zom, we prioritize keeping domestic capital at home. By investing in local projects, we strengthen the country's economy and prevent capital from flowing abroad. Our commitment to enhancing dairy cow quality revitalizes the veterinary sector and boosts income for farmers. Witness the economic impact as cow prices rise and daily milk production soars.

Together, we can
create a viable future
for our farmers and the
community.

HOW ZOM PRODUCTS ARE MADE?

Crafted with Care: The Making of Zom Products

Our production process begins with a commitment to supporting local farmers. To reduce the burden and cost of transporting milk, we've established **20** strategically located milk receiving stations across the district. Each day, dedicated farmers and livestock breeders deliver their fresh milk, in specially designed containers, to these stations.

Once the milk arrives, our experts test its quality, ensuring it meets our stringent standards. Only the finest and purest milk is selected for further processing. From there, the milk embarks on a journey in specialized tankers to our state-of-the-art factory.

Upon arrival at the factory, the milk undergoes a thorough re-examination, ensuring its integrity and quality. We take pride in offering you products that are **100%** natural and domestically produced, free from additives, artificial flavors, or powdered milk. Our commitment to your well-being means that every sip of Zom dairy products is a testament to purity and taste.

Once the milk has passed our rigorous quality checks, it is carefully packaged to preserve its freshness and nutritional value. From our factory, these exquisitely crafted products make their way to cities and towns, carried by our dedicated fleet of private vehicles.

Zom dairy products are designed with your health and happiness in mind. By choosing Zom, you become an active participant in your daily life, making healthier choices for yourself and your loved ones. Embrace the natural, experience the pure, and let Zom be your trusted companion on your journey to a safer, healthier lifestyle.

 **100% Natural:** We pride ourselves on delivering a product that is completely natural, without any artificial additives or preservatives.

 **100% Local:** Zom is proudly produced in the heart of the Kurdistan Region. By choosing Zom, you support local farmers and contribute to the growth of our community.

The Zom factory has built 20 milk purchasing stations for farmers and livestock breeders, located according to the geographical boundaries of the area.

Zom Dairy Factory Products: Pure and Natural Delights

At Zom factory, we prioritize the health of our citizens. All our products are made from fresh milk sourced from cows raised in local pastures. We take pride in offering you a range of **100%** natural and locally sourced products, free from any chemicals, artificial flavors, or milk powder.

🥛 **Pure Freshness:** Our commitment to quality begins with the source – the pure, fresh milk from our locally raised cows. We ensure that only the finest milk is used in the production of our delectable products.

🌿 **Naturally Nourishing:** Embrace the goodness of nature with each bite or sip. Our products are carefully crafted without any artificial flavors or enhancers, allowing you to experience the authentic and rich flavors that only locally sourced ingredients can provide.

• **Free from Additives:** Say goodbye to unnecessary additives and preservatives. We believe in keeping our products pure and undiluted, letting the natural taste and nutritional value shine through.

✅ **Local Pride:** Zom Factory takes pride in supporting local farmers and the local dairy industry. By choosing our products, you not only enjoy a taste of purity, but you also contribute to the growth and prosperity of our local community.

Indulge in the wholesome goodness of Zom Factory's **100%** natural and locally sourced products. Experience the difference that freshness, authenticity, and dedication to quality can make in your daily life.
